

**Remarks**

Claims 1-6, 8, 10-13, 19-24, and 27 are being examined on the merits. Claims 7, 9, 14-18, 25-26 and 34-43 were previously canceled without prejudice.

In the final Office Action, the Examiner remarked that Claims 28-33 are drawn to a different invention. Applicants respectfully point out that when the elected claims are amended and become allowable, the restriction to linked inventions must be withdrawn. Any claim(s) directed to the nonelected invention(s), previously withdrawn from consideration, which depend from or require all the limitations of the allowable linking claim must be rejoined and the restriction requirement should not be maintained (MPEP 809). As such, Applicants respectfully submits that the restriction requirement not be maintained and Claims 28-33 be rejoined and allowed.

In view of the above, Applicants respectfully request the provisional nonstatutory obviousness-type double patenting rejection be held in abeyance until Claims 28-33 are rejoined.

### **Conclusion**

In light of the remarks presented with this Amendment, Applicants respectfully submit that the pending claims provided in the Listing of Claims beginning on page 3 of this paper are in condition for allowance. Accordingly, favorable consideration for and allowance of the claims are respectfully requested.
